CROCHET AMIGURUMI PATTERN

Nibbles the Candy Corn Dino

Complete Digital Crochet Amigurumi Pattern

Skill level	Terminology	Method
Intermediate	US crochet terms	Mostly continuous spiral rounds

DIGITAL DOWNLOAD ONLY — NO PHYSICAL ITEM WILL BE SHIPPED

Pattern PDF

Digital Download Notice & Contents

This is a digital crochet pattern. You are purchasing instructions to crochet and assemble Nibbles yourself. It is not a finished amigurumi or physical toy, and no physical item will be shipped.

Reference goal: a rounded four-legged candy-corn dinosaur with a cream face and paws, yellow upper body, orange lower body, cream belly patch, tapered candy-corn tail, and a neat row of orange dorsal spikes with cream tips.

Contents

3	Finished measurements

Finished Measurements

These ranges are intended for a firm worsted-weight amigurumi fabric near the gauge on Page 5.

22-24 cm
NOSE TO TAIL TIP
8.7-9.4 in

14-16 cm
FLOOR TO SPIKE TIP
5.5-6.3 in

11-13 cm
OVERALL WIDTH
4.3-5.1 in

Piece targets

Feature	Calculated target range	Visual cue
Head	About 7-8 cm / 2.8-3.1 in wide	Rounded, slightly forward-projecting face; cream front transitions to yellow around the sides.
Body	About 12-14 cm / 4.7-5.5 in long; 8-10 cm / 3.1-3.9 in high	Long rounded loaf shape, not a sphere.
Legs	About 5.5-6.5 cm / 2.2-2.6 in long	Bulbous cream paws, narrow orange upper legs, yellow transition band.
Tail	About 6-7 cm / 2.4-2.8 in long	Tapered, lightly upturned; cream tip, yellow middle, orange base.
Large spikes	About 3-3.5 cm / 1.2-1.4 in high	Firm enough to stand but not rigid.
Belly patch	About 5.5-6 cm / 2.2-2.4 in across	Flat cream round/soft oval worked outward from a central magic ring and centred on the underside.

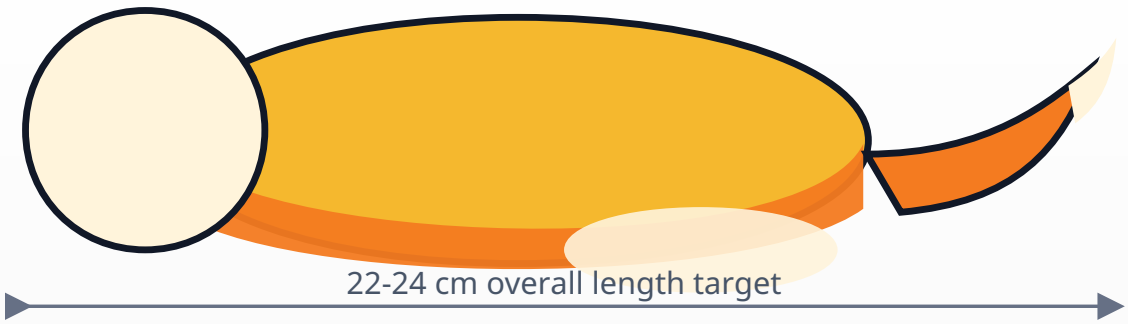

Diagram is schematic; use the written placement maps for assembly.

Materials, Tools & Safety

Yarn

Recommended: #4 worsted / aran cotton or cotton-blend yarn, approximately 160-180 m per 100 g. Use one yarn line throughout for consistent proportions.

Colour	Approx. amount	Used for
Orange	75-85 g / 125-145 m	Lower body, legs, spike bases, tail base
Yellow	55-65 g / 90-110 m	Upper body, rear head, leg bands, tail middle
Cream	40-50 g / 65-85 m	Face, paws, belly, spike tips, tail tip
Black	1-2 m / 1-2 yd	Mouth embroidery or embroidered-eye option

Hook & notions

- 3.25 mm crochet hook, or size needed for dense fabric
- Polyester fibre filling, about 90-120 g
- 2 x 12 mm black safety eyes
- Tapestry needle, stitch markers, pins, scissors, measuring tape
- Optional row counter

Safety note

Safety eyes, buttons, beads, wire, and other small or rigid components may not be suitable for children under three years old. Follow the safety requirements applicable where the finished item will be used or sold.

For an alternative without detachable safety-eye components, embroider both eyes firmly with black yarn before final finishing.

Not required

- No knitting needles
- No craft wire or pipe cleaners
- No felt, beads, buttons, or reinforcement

Colour substitution

The candy-corn effect depends on the repeating cream / yellow / orange palette. If substituting shades, keep the lightest colour for the face, paws and tips; the middle-value colour for the upper body; and the darkest warm colour for the underside and limbs.

Yarn amount note: amounts are planning estimates for the stated size. Buy extra if you crochet tightly, lengthen limbs, or make a larger version.

Gauge, Method & Terminology

Practical gauge

22 sc x 24 rounds = about 10 x 10 cm / 4 x 4 in

Measure a firm single-crochet swatch in the round with a 3.25 mm hook, without stretching. Exact gauge is not mandatory, but it affects finished size and yarn use.

Tension target

Use a firm, dense amigurumi tension so the filling does not show through. If visible gaps appear, use a smaller hook before adding extra stuffing.

Terminology

US crochet terminology. Unless a section says otherwise, pieces are worked in continuous spiral rounds. Do not join rounds with a slip stitch and do not chain at the beginning of a new round.

Beginning of round (BOR)

Place a removable marker in the first stitch of each round and move it up after every round. The marker tracks the spiral; it is **not** a permanent physical centre-back line.

Stitch style

Standard yarn-over single crochet is assumed. Keep the finished/right side facing outward.

Rows & turning

The main pieces are worked in rounds. Only flattened closure rows are worked through both layers. No turning is required unless explicitly stated.

Colour changes

On the final stitch before a new colour, begin the single crochet with the old colour, then complete the final yarn-over with the new colour. Pull both strands snugly and continue.

> **Do not overstuff:** dense fabric plus excessive filling can distort Nibbles into a tall sphere. The target body is a long, low rounded oval.

Abbreviations & Special Techniques

Abbrev.	Meaning
MR	magic ring
ch	chain
sl st	slip stitch
sc	single crochet
inc	increase - work 2 sc in the same stitch
inv dec	invisible decrease - work the front loops of the next 2 stitches together as 1 sc
st / sts	stitch / stitches
rnd / rnds	round / rounds
rep	repeat
FO	fasten off
BOR	beginning of round

Invisible decrease

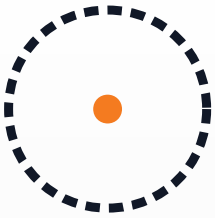

Insert the hook through the front loop of the next stitch, then through the front loop of the following stitch. Yarn over, pull through both front loops, yarn over again, and complete the single crochet.

Flattened closure row

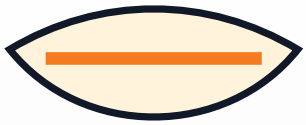

After the piece is stuffed as directed, pinch the open round flat so opposite stitches meet. Insert the hook through one stitch on the front layer and one corresponding stitch on the back layer; work 1 sc through both. Repeat across the opening.

Surface alignment

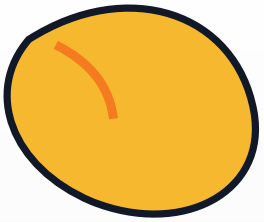

For sewn pieces, pin first and inspect from the front, back, top, bottom, and both sides. The placement values in this pattern are practical targets; small adjustments of 1 round or 1 stitch can compensate for personal tension.

MR centre

Flatten opening before closure row

Pin before sewing

Construction Overview

Pieces to crochet

Piece	Qty.	Stuffing
Head	1	Firm, rounded
Body	1	Firm but not stretched
Legs	4	Firm paws; lighter upper legs
Belly patch	1	None
Tail	1	Light to moderate
Large spikes	2	Light, lower half only
Medium spikes	2	Light, lower half only
Small spikes	2	Light, lower half only

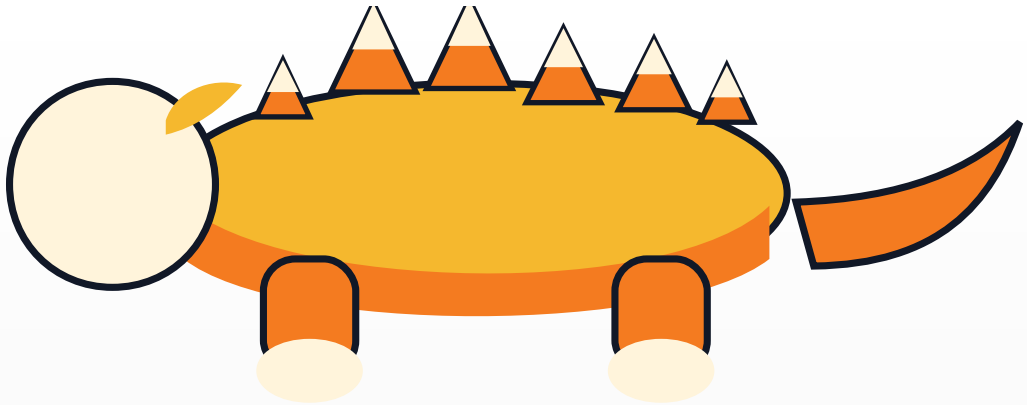

Orientation

Right and left are described from **Nibbles's own point of view**. On the body, choose and mark the front long end after Body Rnd 5. The opposite end becomes the rear. The orange foundation side is the underside; the yellow closing side is the crown.

Recommended order

1. Crochet the head through Rnd 13; install the eyes; finish and stuff the head.
2. Crochet and stuff the body; mark front, rear, crown and underside.
3. Make all four legs, the cream belly patch, tail and six spikes.
4. Embroider the mouth and complete the face.
5. Sew the belly patch to the underside.
6. Join head to body.
7. Attach and level all four legs.
8. Attach tail.
9. Pin all six spikes along the crown/back route; sew only after the spacing is approved.
10. Complete the final symmetry and seam checks.

> **Assembly access:** all pieces are fully crocheted before final assembly. Do not bury long sewing tails until the corresponding seam has been checked from every view.

Exploded proportions are simplified. The written placement pages control the exact attachment zones.

Head - Make 1

Colours: Cream for the face/front, Yellow for the rear head. Work in a continuous spiral. The magic-ring centre becomes the visual centre of the cream face.

Rnd	Instruction	Count
1	With Cream: MR, 6 sc.	**6**
2	Inc in each st around.	**12**
3	(Sc 1, inc) 6 times.	**18**
4	(Sc 2, inc) 6 times.	**24**
5	(Sc 3, inc) 6 times.	**30**
6	(Sc 4, inc) 6 times.	**36**
7	(Sc 5, inc) 6 times.	**42**
8	(Sc 6, inc) 6 times.	**48**
9-10	Sc in each st around.	**48**
11	Change to Yellow; sc in each st around.	**48**
12-13	Sc in each st around.	**48**
14	(Sc 6, inv dec) 6 times.	**42**
15	Sc in each st around.	**42**
16	(Sc 5, inv dec) 6 times.	**36**
17	(Sc 4, inv dec) 6 times.	**30**
18	(Sc 3, inv dec) 6 times.	**24**
19	(Sc 2, inv dec) 6 times.	**18**
20	(Sc 1, inv dec) 6 times.	**12**
21	Inv dec 6 times. FO and close.	**6**

Eye installation

After Rnd 13 and before the opening becomes smaller, gently flatten the cream face area. Insert the eye posts through the cream fabric between Rnds 7-8, level with each other, about **4.5-5 cm / 1.8-2 in centre-to-centre**. Keep each eye the same distance from the vertical line through the MR centre.

Fit the washers inside only after checking the face from the front and both sides.

Stuffing

Begin stuffing after Rnd 17. Fill the cream face smoothly first, then the rear head. Continue adding small amounts through Rnd 20. The head should be firm and rounded without stretching the stitches.

> **Shape cue:** keep the front softly rounded rather than sharply pointed. The cream section should read as a broad face patch, while the yellow begins around the side/rear.

Body - Make 1

Construction: work an oval from the underside upward. Orange forms the lower body; Yellow forms the upper body and crown.

Rnd	Instruction	Count
1	With Orange: ch 17. Starting in 2nd ch from hook, sc 15, 3 sc in last ch; working along opposite side of chain, sc 14, 2 sc in first ch.	**34**
2	Inc, sc 14, inc in each of next 3 sts, sc 14, inc in each of last 2 sts.	**40**
3	(Sc 1, inc), sc 14, (sc 1, inc) 3 times, sc 14, (sc 1, inc) 2 times.	**46**
4	(Sc 2, inc), sc 14, (sc 2, inc) 3 times, sc 14, (sc 2, inc) 2 times.	**52**
5	(Sc 3, inc), sc 14, (sc 3, inc) 3 times, sc 14, (sc 3, inc) 2 times.	**58**
6-8	Sc in each st around.	**58**
9	Change to Yellow; sc in each st around.	**58**
10-15	Sc in each st around.	**58**
16	(Sc 3, inv dec), sc 14, (sc 3, inv dec) 3 times, sc 14, (sc 3, inv dec) 2 times.	**52**
17	(Sc 2, inv dec), sc 14, (sc 2, inv dec) 3 times, sc 14, (sc 2, inv dec) 2 times.	**46**
18	(Sc 1, inv dec), sc 14, (sc 1, inv dec) 3 times, sc 14, (sc 1, inv dec) 2 times.	**40**
19	Inv dec, sc 14, inv dec 3 times, sc 14, inv dec 2 times.	**34**
20	(Sc 3, inv dec) 6 times, sc 4.	**28**
21	(Sc 2, inv dec) 7 times.	**21**
22	(Sc 1, inv dec) 7 times.	**14**
23	Inv dec 7 times. FO and close.	**7**

Mark orientation

After Rnd 5, choose one long end as the **front** and mark it with a removable yarn loop. Mark the opposite long end as **rear**. The foundation-chain side remains the underside.

Stuffing

Begin stuffing after Rnd 17. Fill both long ends first, then the centre. Keep the underside gently flattened and the crown rounded. Add final small tufts through Rnd 22 before closing.

Legs & Belly Patch

Legs - make 4

All four legs use the same pattern. Work in continuous spirals.

Rnd	Instruction	Count
1	With Cream: MR, 6 sc.	**6**
2	Inc in each st around.	**12**
3	(Sc 1, inc) 6 times.	**18**
4	(Sc 2, inc) 6 times.	**24**
5-6	Sc in each st around.	**24**
7	Change to Yellow; sc in each st around.	**24**
8	Change to Orange; sc in each st around.	**24**
9	(Sc 2, inv dec) 6 times.	**18**
10-12	Sc in each st around.	**18**
13	(Sc 1, inv dec) 6 times.	**12**
14-15	Sc in each st around.	**12**
Closure row	Flatten opening and work 6 sc through both layers. FO, leaving a long sewing tail.	**6**

Stuffing: fill Rnds 1-8 firmly enough to round the paw. Stuff Rnds 9-13 lightly. Leave the final 2 rounds nearly unstuffed so the attachment edge can flatten cleanly.

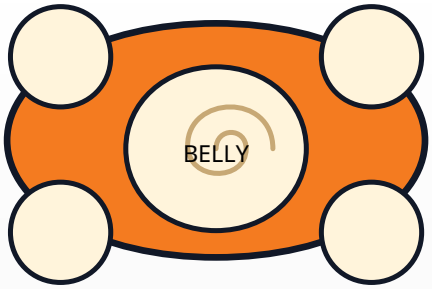

Belly patch - make 1

Work flat in a continuous spiral with Cream. Do not join or turn. Do not stuff.

Rnd	Instruction	Count
1	MR, 6 sc.	**6**
2	Inc in each st around.	**12**
3	(Sc 1, inc) 6 times.	**18**
4	(Sc 2, inc) 6 times.	**24**
5	(Sc 3, inc) 6 times.	**30**
6	(Sc 4, inc) 6 times.	**36**
7	(Sc 5, inc) 6 times. FO, leaving a long sewing tail.	**42**

Patch placement preview

Pin the near-round soft-oval patch on the orange underside. Centre it between the four legs and keep a visible orange border all around. The patch should not enter any leg seam.

Tail & Dorsal Spikes

Tail - make 1

Work from the cream tip toward the orange base.

Rnd	Instruction	Count
1	With Cream: MR, 6 sc.	6
2	Sc in each st around.	6
3	Change to Yellow; (sc 1, inc) 3 times.	9
4	Sc in each st around.	9
5	Change to Orange; (sc 2, inc) 3 times.	12
6	Sc in each st around.	12
7	(Sc 3, inc) 3 times.	15
8-10	Sc in each st around.	15
11	(Sc 4, inc) 3 times.	18
12	Sc in each st around. FO with a long sewing tail.	18

Stuff the tail lightly from Rnd 7 onward. Keep the final 2 rounds soft so the 18-st opening can curve against the rear body.

Spike quantities

Large x2 **Medium x2** **Small x2**

All spikes begin with a cream tip and change to Orange for the body. Each is lightly stuffed only in the lower half and left open at the circular base for sewing.

Large spike - make 2

Rnd	Instruction	Count
1	With Cream: MR, 4 sc.	4
2	Inc in each st around.	8
3	Change to Orange; (sc 1, inc) 4 times.	12
4	(Sc 2, inc) 4 times.	16
5	(Sc 3, inc) 4 times.	20
6	Sc in each st around.	20

Finishing: Lightly stuff the lower half. FO, leaving a long sewing tail. Leave the 20-st base open for sewing. Do not flatten the opening and do not crochet through both layers.

Medium spike - make 2

Rnd	Instruction	Count
1	With Cream: MR, 4 sc.	4
2	Inc in each st around.	8
3	Change to Orange; (sc 1, inc) 4 times.	12
4	(Sc 2, inc) 4 times.	16
5	Sc in each st around.	16

Finishing: Lightly stuff the lower half. FO, leaving a long sewing tail. Leave the 16-st base open for sewing. Do not flatten the opening and do not crochet through both layers.

Small spike - make 2

Rnd	Instruction	Count
1	With Cream: MR, 4 sc.	4
2	Inc in each st around.	8
3	Change to Orange; (sc 1, inc) 4 times.	12
4	Sc in each st around.	12

Finishing: Lightly stuff the lower half. FO, leaving a long sewing tail. Leave the 12-st base open for sewing. Do not flatten the opening and do not crochet through both layers.

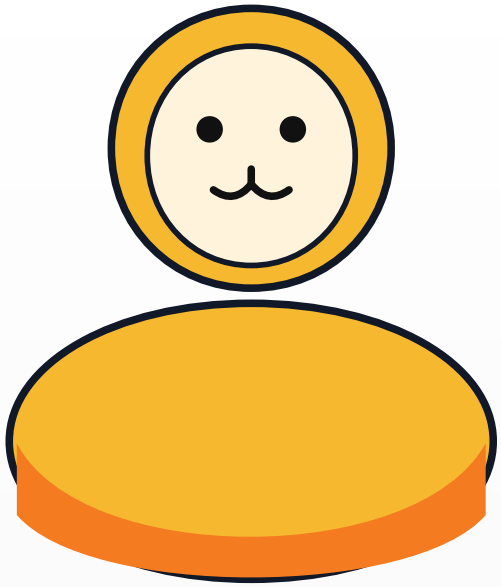

Colour Map

Exact colour allocation

Piece	Colour range
Head	Rnds 1-10 Cream; Rnds 11-21 Yellow
Body	Rnds 1-8 Orange; Rnds 9-23 Yellow
Legs	Rnds 1-6 Cream; Rnd 7 Yellow; Rnds 8-15 Orange
Belly	All Cream
Tail	Rnds 1-2 Cream; Rnds 3-4 Yellow; Rnds 5-12 Orange
Spikes	Rnds 1-2 Cream; remaining rounds Orange

Changing cleanly

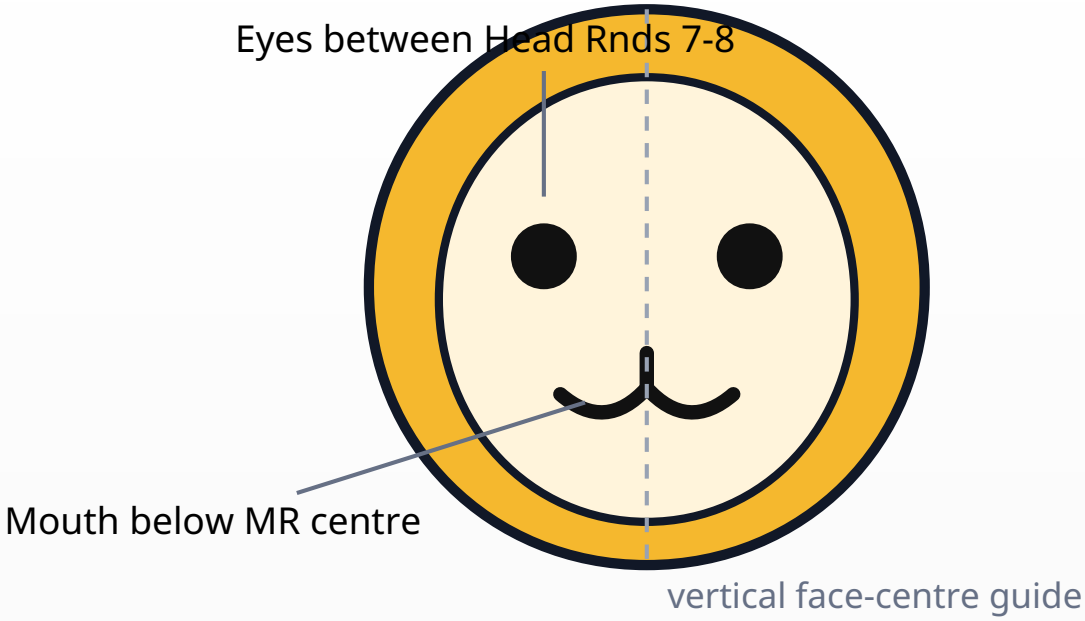

Finish the last yarn-over of the stitch immediately before the colour change with the new colour. Cut the old colour unless the next change is within one round. Because these changes occur on separate pieces or broad bands, carrying yarn is unnecessary.

Cream face + yellow upper body
+ orange lower body

Reference cue: keep the body colour break approximately horizontal. The cream belly patch sits on the underside only and should not climb high on the side walls.

Head Placement Map

Eyes

Place the two 12 mm eyes between Head Rnds 7-8 in the Cream section. Target spacing: **4.5-5 cm / 1.8-2 in centre-to-centre**. Keep both posts level and equally distant from the face-centre guide.

Mouth

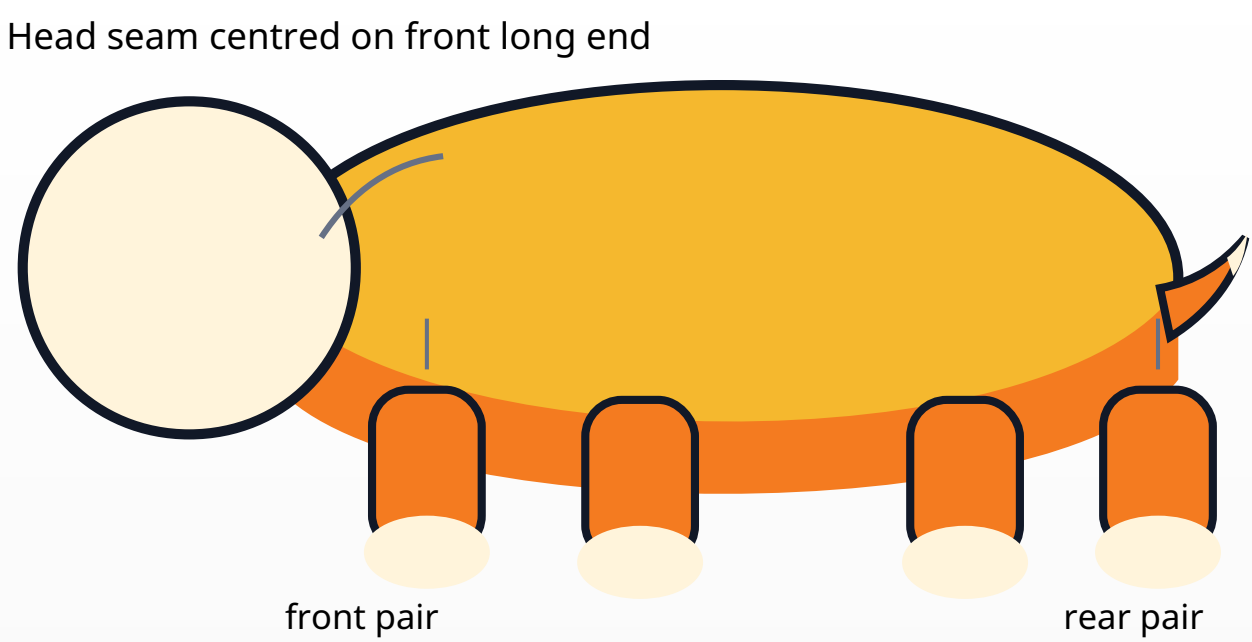

With Black yarn, embroider a short vertical centre stitch about **0.5-0.7 cm / 0.2-0.3 in** long directly below the MR centre. From the lower end of this vertical stitch, embroider a shallow **two-lobed smile** about **1.5-2 cm / 0.6-0.8 in** wide, with one curved lobe extending to each side. Keep the complete feature around the lower half of Head Rnds 3-5. Use short backstitches; secure and bury the yarn inside the head.

Face shape check

- Cream area reads as one broad front face, not a tiny muzzle spot.
- Eyes are level and sit wide enough to create the friendly rounded look.
- No spike enters the cream forehead/face zone.
- The yellow section begins around the upper side and rear of the head.

Embroidered-eye alternative: stitch two dense black ovals in the same positions instead of using safety eyes.

Body & Limb Placement Map

Head-to-body seam

Centre the rear yellow half of the head on the marked front long end of the body. The lower edge of the head should overlap the orange/yellow transition slightly so no narrow neck gap remains. Pin an oval seam about **7-8 cm / 2.8-3.1 in** around the contact area.

Legs

Front pair

Place on lower side-front quadrants, centred approximately under Body Rnds 6-9. Leave about 3-4 cm / 1.2-1.6 in between the inner front-leg edges across the underside.

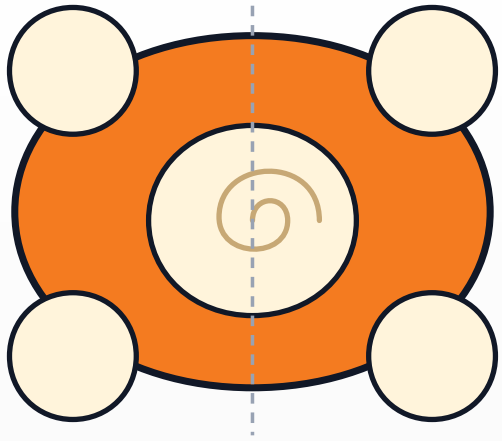

Rear pair

Place on lower side-rear quadrants, centred approximately under Body Rnds 6-9 and 2.5-3.5 cm / 1-1.4 in forward of the tail seam.

All four flattened 6-st closure edges run roughly front-to-back along the body surface. Paws point forward with only a slight outward angle. Pin all four before sewing any one leg permanently.

Bottom & Spine Placement Maps

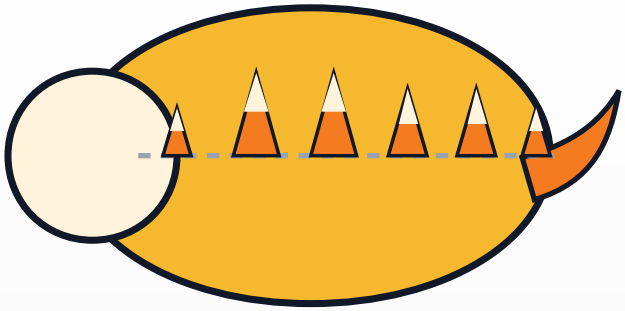

Bottom view

belly patch centred between all four legs

Sew the belly patch first. Keep at least 1 cm / 0.4 in of orange visible between the patch edge and each leg seam.

Top / spine route

6 spikes on one centred crown/back line

Order front to rear: Small, Large, Large, Medium, Medium, Small. The first Small spike sits on the yellow rear crown of the head, centred just behind the cream face area. The remaining five continue across the body crown; the final Small spike sits near the tail root.

Spacing target

Pin all six before sewing. Keep the centres of all six spikes on the same physical crown/back line. Keep the open circular bases nearly touching, with approximately 0-0.3 cm / 0-0.1 in between adjacent bases where space allows. Do not overlap the bases.

Assembly Sequence - Part 1

1. Finish the face

Confirm the eyes are level, washers secure, and the cream face evenly stuffed. Embroider the short vertical centre line and two-lobed black smile described on Page 13. Secure and bury the yarn inside the head.

2. Sew the belly patch

Pin the cream oval to the orange underside. With Cream yarn, whip stitch just inside the patch edge, catching one body stitch at a time. Keep the patch flat; do not pull the seam hard enough to cup the body.

3. Join head to body

Pin the head on the body front so the face looks straight ahead and the yellow rear of the head blends visually into the yellow upper body. Sew with Yellow yarn using a firm whip stitch around the full oval contact area. Pass the needle through substantial body stitches, not only surface fibres.

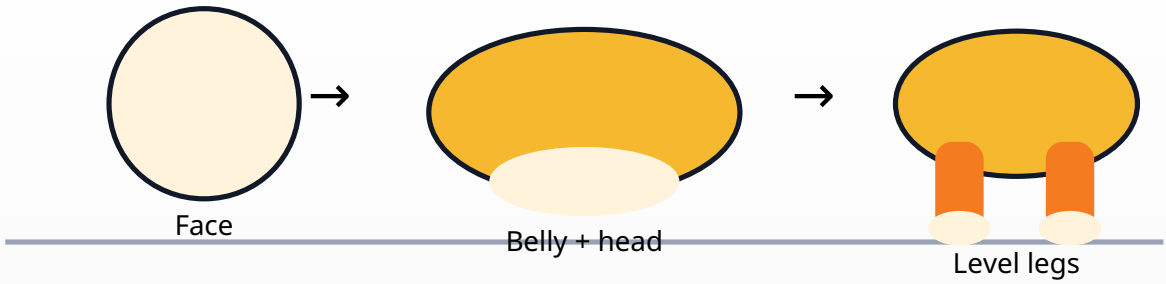

> **Before knotting:** view Nibbles from the front, both sides and above. Correct any tilt while the seam can still be adjusted.

4. Pin all four legs

Use Page 14. Place the front pair first, then mirror the rear pair. The 6-st flattened top edge of each leg lies against the body. Pin through the flattened edge and body surface. Set the toy on a flat table and adjust until all four paws contact the surface without rocking.

5. Sew the legs

Use Orange yarn. Whip stitch through both loops of each flattened leg stitch and through the corresponding body fabric. Add one small stabilising stitch 1-2 rounds below each upper seam only if a leg rotates excessively. Bury tails after the stance has been checked.

Assembly Sequence - Part 2

6. Attach the tail

Pin the 18-st orange opening at the physical rear centre. The seam should sit on the orange/yellow transition and lower rear quadrant, with the cream tip pointing slightly upward. Rotate the tail until it is centred from the back view. Sew around the complete opening with Orange yarn.

7. Pin the six spikes

Arrange them in this exact size order from front to rear: **Small - Large - Large - Medium - Medium - Small**. Place the first Small spike on the yellow rear crown of the head; place the remaining five along the body centre line shown on Page 15.

8. Sew the spikes

Beginning with the two middle spikes, sew each open circular base to the head/body surface using Orange yarn. Whip stitch around the full base opening, passing through each base stitch and a substantial body stitch. **Do not flatten the spike bases.** Alternate working toward the front and rear so the spacing remains balanced.

9. Final shaping adjustments

Massage the body into a low oval. Roll each paw gently between your palms to round the cream toe. Pinch the lower half of each spike lightly so the tip stands centered above its base. Shape the tail into a mild upward curve without creasing it.

10. Secure and bury all yarn tails

Pass each tail through several stitches inside the stuffed body before trimming. Remove every temporary marker and guide thread.

Back-view check

Tail and spike row share the same centre line. Rear legs are mirrored and equally distant from the belly patch.

Side-view check

Head is not drooping, all four paws sit level, the tail rises slightly, and the spikes graduate smoothly in size.

Stuffing, Shaping & Sewing Methods

Stuffing guide

Part	How firmly
Head	Firm; smooth around eyes; do not bulge the cream face.
Body	Firm but not stretched; keep underside slightly flatter than crown.
Leg paws	Firm through Rnds 1-8, including the first Orange round.
Upper legs	Stuff Rnds 9-13 lightly; leave Rnds 14-15 nearly unstuffed.
Tail	Light to moderate; soft at attachment opening.
Spikes	Very light, lower half only; tips remain crisp.
Belly patch	Unstuffed and flat.

Correcting shape before closing

Add small tufts rather than one large wad. Push filling into both ends of the body so the front and rear stay rounded. Keep the centre body slightly wider than either end.

Sewing methods

WHIP STITCH - CLOSED PIECE TO SURFACE

Pass the needle under one full stitch of the attached piece, then under a substantial stitch on the receiving surface. Repeat around the seam. Tighten only enough to remove gaps.

FLATTENED-EDGE SEAM - LEGS

For legs, sew through both layers of the flattened closure edge, then through the body.

OPEN CIRCULAR BASE SEAM - SPIKES

Place the open spike base against the head/body without folding it. Whip stitch around the complete opening through each base stitch and substantial receiving fabric. Keep the base three-dimensional rather than flattening it.

FLAT APPLIQUE SEAM

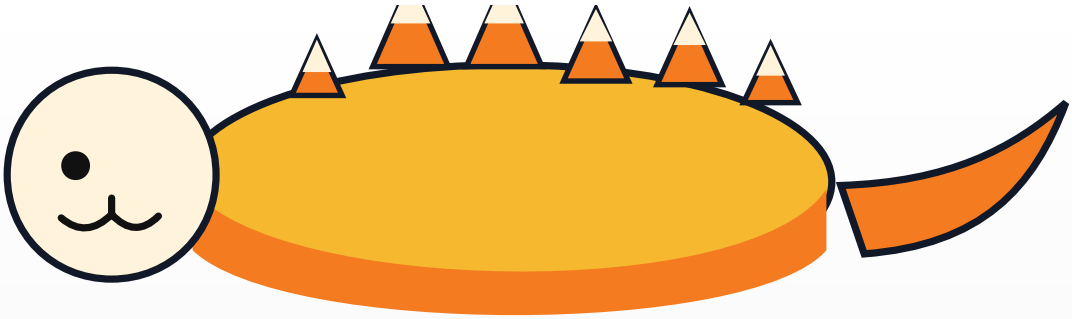

For the belly patch, catch the outer loops near the patch edge and shallow body stitches. Keep the thread path parallel to the edge so the oval remains smooth.

> **Do not distort the fabric:** if the seam creates a deep groove, loosen the next few stitches rather than compensating with extra stuffing.

Final Visual Checklist

Complete this check after all pieces are sewn and all shaping is finished.

- ☐ Cream face is centred and smoothly rounded.
- ☐ Black vertical centre line and two-lobed smile are centred beneath the face centre.
- ☐ Body is longer than it is tall; underside remains gently flat.
- ☐ All four paws contact a flat surface without rocking.
- ☐ Cream paws face forward; yellow bands are visible above them.
- ☐ Six spikes are present in the correct size order.
- ☐ Spike row follows the physical crown/back centre line.
- ☐ Colour changes are neat and do not create large steps.
- ☐ No large crochet holes or loose seams are visible.
- ☐ Eyes are level and evenly spaced.
- ☐ Yellow rear head blends into the yellow upper body.
- ☐ Cream belly patch is centred and does not touch leg seams.
- ☐ Front and rear leg pairs are mirrored left-to-right.
- ☐ Tail is centred at the rear and curves slightly upward.
- ☐ Every spike tip is cream and every spike base is orange.
- ☐ No spike crowds the cream face/forehead.
- ☐ No stuffing is visible through the stitches.
- ☐ No yarn tails, temporary markers, or pins remain.

Final silhouette target: friendly, low, rounded and balanced

Troubleshooting & Quick Reference

Common problems

Problem	Practical fix
Stuffing shows	Use a smaller hook or reduce stuffing; do not stretch the fabric.
Too large / small	Adjust hook size and yarn weight while keeping the same stitch counts.
Rounds twist	Move the BOR marker every round and recount at each shaped round.
Colour step visible	Make the colour change on the final yarn-over and keep tension even.
Eyes uneven	Remove washers before locking, repin, and compare from straight-on view.
Head leans	Reopen the weakest seam section, add a little filling behind the lean, and resew.
One leg sits high	Unpin before sewing; align all four paws on a flat surface at once.
Tail points sideways	Rotate the 18-st base toward the rear centre before completing the seam.
Spikes twist	Re-pin each open circular base and align all six centres on one guide line before sewing.
Gaps at seams	Add one nearby whip stitch rather than pulling existing stitches excessively tight.

Quick piece reference

Piece	Qty	Final edge / note
Head	1	Closed at 6 sts
Body	1	Closed at 7 sts
Leg	4	6-st flattened edge
Belly patch	1	42-st flat round edge
Tail	1	18-st open base
Large spike	2	20-st open base
Medium spike	2	16-st open base
Small spike	2	12-st open base

Final assembly order

Face → belly patch → head/body seam → pin all legs → sew legs → tail → pin all spikes → sew spikes → shape → bury yarn tails.

> **Count check:** final build uses 1 head, 1 body, 4 legs, 1 belly patch, 1 tail and exactly 6 spikes.

Printing & Customer Notes

Printing

- Designed for A4 pages; US Letter users may print with “Fit” or “Scale to fit”.
- For A4, 100% scale is recommended for the clearest text.
- Diagrams are schematic placement guides, not full-size templates.
- US crochet terminology is used throughout.

Digital product notice

DIGITAL DOWNLOAD ONLY — NO PHYSICAL ITEM WILL BE SHIPPED.

This file provides crochet instructions only. The customer must supply materials, crochet the pieces, stuff them and assemble the finished amigurumi.

Finished-size note

Measurements are calculated design targets. Final dimensions may vary with yarn, hook, tension, stuffing and individual technique. No physical prototype or test crochet was used to guarantee a finished size.

Use of the pattern

You may make finished handmade Nibbles amigurumi for personal use or small-scale sale when crocheted by you. Credit to the pattern source is appreciated.

Do not redistribute, resell, copy, upload, translate, share, or reproduce this pattern file or substantial parts of it without authorization.

Pattern summary

Skill level: Intermediate
Hook: 3.25 mm
Yarn: #4 worsted / aran cotton or cotton blend
Eyes: 12 mm or embroidered alternative
Main method: continuous spiral rounds
Target length: 22-24 cm / 8.7-9.4 in

Nibbles is complete when the stance is stable, the face is centred, the candy-corn colours read clearly, and all six spikes follow one clean crown-to-tail route.
