BOO THE GHOST CAT

Complete Digital Crochet Amigurumi Pattern

DIGITAL DOWNLOAD ONLY — NO PHYSICAL ITEM WILL BE SHIPPED

Skill level: Intermediate • US crochet terminology • Calculated design target

Finished seated height target: approximately 21–23 cm / 8¼–9 in

1. Digital Download Notice & Finished Measurements

IMPORTANT This is a digital crochet pattern for making the item yourself. It is not a finished amigurumi or physical toy, and no physical item will be shipped.

No physical prototype or test crochet was used to create this document. The measurements below are calculated design targets for digital reproduction. Final size will vary with yarn, hook size, tension, stuffing, and individual crochet technique.

Target finished measurements

Feature	Calculated target
Overall seated height (with hood)	21–23 cm / 8¼–9 in
Overall width across cape	14–16 cm / 5½–6¼ in
Body depth	13–15 cm / 5–6 in
Head width	9.5–10.5 cm / 3¾–4⅛ in
Body height before head join	10–11 cm / 4–4⅓ in
Tail length	14–16 cm / 5½–6¼ in
Hood costume ear height	3.5–4.5 cm / 1⅜–1¾ in
Pumpkin charm	3–3.5 cm / 1⅛–1⅜ in

Design features reproduced

- Rounded white cat head with oversized dark eyes, small pink nose, cheeky muzzle and three whiskers on each side.
- Compact seated body with four rounded paws and visible pink paw pads on the underside.
- Upright white tail with three soft gray bands and a gentle outward curl.
- White ghost hood with pink-lined costume ears, a flared scalloped ghost cape, a black bow, and a small jack-o'-lantern charm.

2. Materials & Tools

Yarn

Colour	Use	Approx. amount
White	Main cat, hood, cape	Approx. 200–230 g
Soft pink	Inner ears, nose, paw pads	Approx. 8–12 g
Medium gray	Tail bands	Approx. 10–15 g
Black	Bow, whiskers, pumpkin face/mouth	Approx. 6–10 g
Pumpkin orange	Pumpkin charm	Approx. 8–10 g
Leaf green	Pumpkin stem	Approx. 2–3 g

Recommended yarn: #4 medium/worsted smooth cotton, cotton-acrylic, or anti-pilling acrylic. A low-fuzz yarn keeps the face, paw pads, and costume edges crisp.

Tools and notions

- 3.0 mm crochet hook, or the hook size needed to create a firm amigurumi fabric.
- 16 mm black safety eyes (1 pair). For an alternative without detachable safety-eye components, embroider the eyes with black yarn or embroidery floss.
- Polyester fibre filling, approximately 120–160 g.
- Tapestry needle, stitch markers, straight pins, scissors, measuring tape, and row counter if useful.
- Optional: a small amount of black embroidery floss for finer whiskers and pumpkin facial details.

SAFETY NOTE Safety eyes, buttons, beads, wire, and other small or rigid components may not be suitable for children under three years old. Follow local safety requirements for the intended recipient. The embroidered-eye alternative avoids detachable safety-eye components.

3. Gauge, Method & Terminology

Gauge and tension

Target gauge: approximately 22 sc × 24 rows = 10 cm / 4 in using a 3.0 mm hook on a firm single-crochet swatch worked flat. Gauge is a size guide, not a guarantee. Amigurumi fabric should be dense enough that stuffing does not show between stitches.

Working method

- 3D pieces are worked in continuous spiral rounds unless a section states otherwise. Do not join rounds with a slip stitch.
- Place a removable marker in the first stitch of every round and move it upward after each completed round.
- The BOR marker is a counting reference only; because spiral crochet naturally shifts, it is not treated as a fixed centre-back line.
- Hood, ears and cape are worked flat in rows. Turn after each row where instructed.
- Right and left are described from the amigurumi's own point of view unless stated otherwise.
- Use the finished/right side of the crochet fabric outward.

Abbreviations

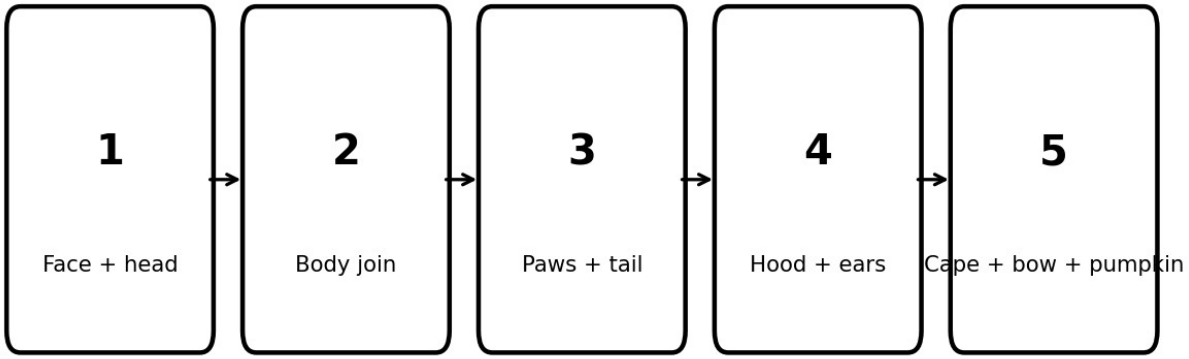

Abbrev.	Meaning
MR	magic ring
ch	chain
sl st	slip stitch
sc	single crochet
hdc	half double crochet
dc	double crochet
inc	increase: work 2 sts in the same stitch
dec	invisible decrease: work the front loops of the next 2 sts together as 1 sc
BLO	back loop only
st/sts	stitch/stitches
rnd/rnds	round/rounds
row/rows	row/rows
rep	repeat
FO	fasten off
BOR	beginning of round
RS / WS	right side / wrong side

4. Construction Overview

Boo is built from separate crocheted components, then dressed in a removable-look ghost costume that is sewn in place for a clean finished silhouette.

- Head: one open-bottom sphere. Safety eyes, muzzle pads, nose, mouth and whiskers are completed before the head/body join.
- Body: one flat-based tapered form, kept open at the neck with 24 live stitches.
- Paws: four lightly stuffed paws, each with one pink sole pad and three embroidered toe beans.
- Tail: one lightly stuffed striped tube, attached at the back-left quadrant and tacked upward to hold the curved pose.
- Hood: one flat panel, top-seamed into a bonnet shape, plus two outer costume ears and two pink inner-ear pieces.
- Cape: one top-down open-front piece worked in hdc rows with a scalloped hem.
- Accessories: one black crochet tie and one small orange pumpkin charm.

ACCESS RULE Do not join the 24-st head and body openings until the safety eyes are fitted, the head is fully stuffed and shaped, the muzzle/face is finished, and the body is fully stuffed.

Do all safety-eye fitting and stuffing before the 24-st head/body openings are joined.

5. Head

With white yarn. Work in a continuous spiral. Stuff gradually but keep the face area soft enough to shape.

Rnd/Row	Instruction	Count
1	MR 6 sc.	6
2	Inc in each st around.	12
3	(Sc 1, inc) 6 times.	18
4	(Sc 2, inc) 6 times.	24

19	Sc in each st around.	54
20	(Sc 7, dec) 6 times.	48
21	Sc in each st around. Stop here to fit the eyes before the opening narrows further.	48
22	(Sc 6, dec) 6 times.	42
23	Sc in each st around.	42
24	(Sc 5, dec) 6 times.	36
25	(Sc 4, dec) 6 times.	30
26	(Sc 3, dec) 6 times.	24

FO, leaving a long sewing tail. Do not close the 24-st opening. Finish stuffing firmly without stretching the fabric. Keep the lower opening evenly round so it will match the body opening stitch-for-stitch.

Eye placement

After Rnd 21, lightly stuff the head so the face can be judged. Mark a visual centre-front line; do not use the BOR as the centre front. Insert the 16 mm eyes between Rnds 15 and 16, with the eye centres approximately 8 stitches apart (about 4 stitches to each side of the centre-front guide). Check from the front and top before securing the washers.

Embroidered-eye alternative: with black yarn or floss, satin-stitch a vertical oval over approximately 4 stitches in width and 3 rounds in height at the same placement. Add a tiny white highlight stitch if desired.

6. Muzzle Pads & Facial Details

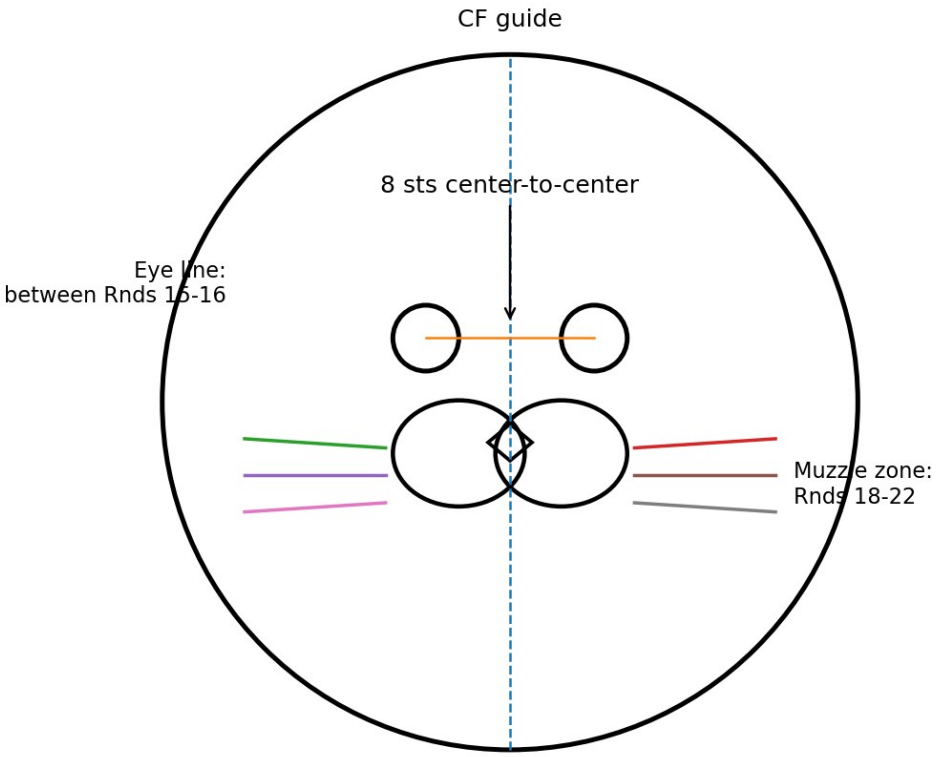

Muzzle pads — make 2

Rnd/Row	Instruction	Count
1	With white yarn, MR 6 sc.	6
2	Inc in each st around.	12
3	Sc in each st around.	12

FO, leaving a long sewing tail. Add only a pinch of stuffing when attaching so each pad stays softly rounded rather than spherical.

Face placement

- Pin the two muzzle pads side-by-side, centred on the face. Their top edges sit around Rnd 18 and their lower edges around Rnd 22. The pads should touch at the centre line without overlapping the eye posts.
- Sew around each pad with small whip stitches. Before the last 2–3 cm / ¾–1¼ in of each seam is closed, add a tiny pinch of stuffing and smooth the pad outward.
- With soft pink yarn, embroider a small inverted triangle nose over the join between the two pads, approximately across Rnds 19–20.
- With black yarn, make one short vertical mouth stitch downward from the nose and a small curved smile to each side.
- Add three whiskers on each cheek. Start each whisker about 1 cm / ⅜ in lateral to the muzzle edge around Rnds 18–21, with the centre whisker almost horizontal and the upper/lower whiskers angled slightly.

VISUAL CHECK Before joining the head to the body, compare the face from the front and both sides. The eyes should be level, the nose centred, and the muzzle pads balanced. Adjust stuffing now while the 24-st opening is still accessible.

7. Body

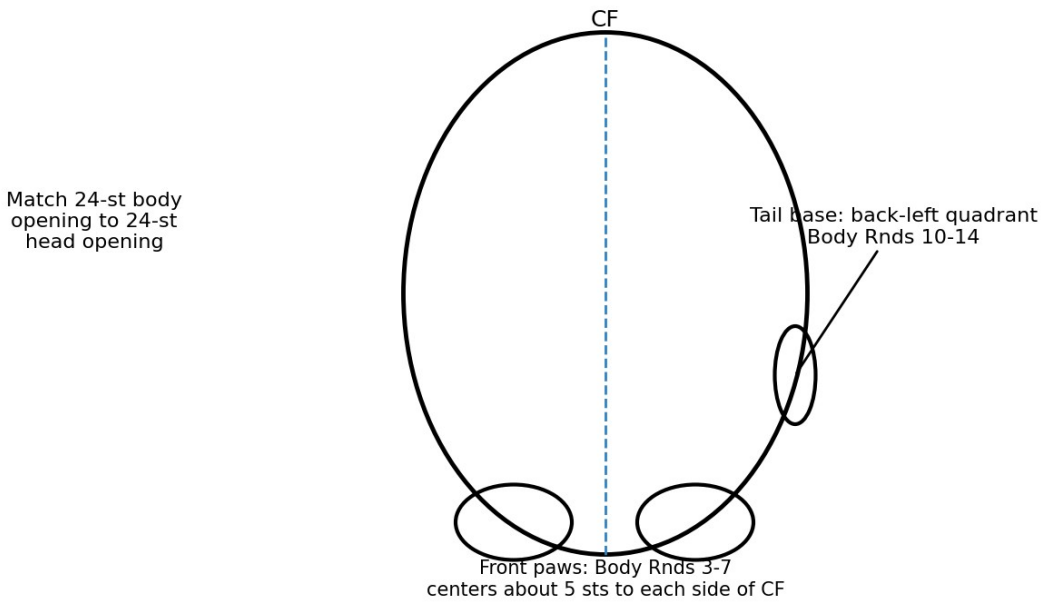

With white yarn. Start at the flat underside and work upward in a continuous spiral.

Rnd/Row	Instruction	Count
1	MR 6 sc.	6
2	Inc in each st around.	12
3	(Sc 1, inc) 6 times.	18
4	(Sc 2, inc) 6 times.	24

14	(Sc 6, dec) 6 times.	42
15–17	Sc in each st around.	42
18	(Sc 5, dec) 6 times.	36
19–21	Sc in each st around.	36
22	(Sc 4, dec) 6 times.	30
23–24	Sc in each st around.	30
25	(Sc 3, dec) 6 times.	24
26–27	Sc in each st around.	24

FO, leaving a long sewing tail. Do not close. Stuff firmly from the base upward, keeping the BLO ridge from Rnd 9 as the turning edge for a flat underside. Leave the top 1 cm / ⅜ in slightly softer so the head/body seam can be shaped cleanly.

Create physical orientation guides

Set the stuffed body on a flat surface and choose the best-looking front. Run a removable scrap-yarn guide vertically along the centre front and another along the centre back. These guides, not the spiral BOR, are used for paw and tail placement.

8. Paws & Pink Pads

White paw — make 4

Rnd/Row	Instruction	Count
1	MR 6 sc.	6
2	Inc in each st around.	12
3	(Sc 1, inc) 6 times.	18
4–5	Sc in each st around.	18
6	(Sc 1, dec) 6 times.	12
7	Sc in each st around.	12
Closure	Lightly stuff. Flatten the opening and sc through both layers across 6 stitch pairs.	6 seam sts

FO, leaving a long sewing tail. The paw should remain softly oval; do not overstuff.

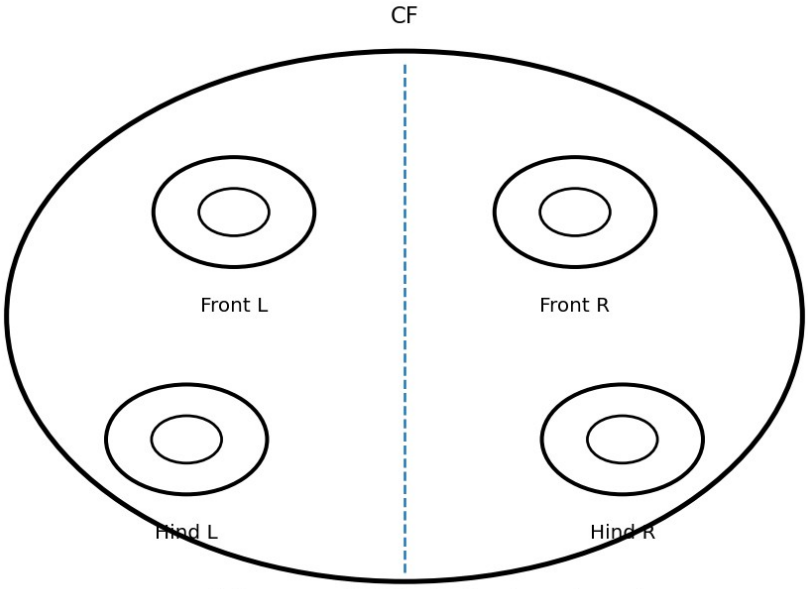

Pink sole pad — make 4

Rnd/Row	Instruction	Count
1	With pink yarn, MR 6 sc.	6
2	Inc in each st around.	12

FO, leaving a sewing tail. Flatten each disc and sew one pad to the rounded underside of each paw. With pink yarn, add three small toe-bean ovals above the main pad using short satin stitches.

Placement

- Front paws: attach across Body Rnds 3–7, with each paw centre approximately 5 stitches to either side of the centre-front guide. Angle the toes slightly outward.
- Hind paws: attach across Body Rnds 3–8 on the lower side quadrants, behind and slightly wider than the front paws. Keep them inside the flat-base footprint so Boo remains stable.
- Pin all four paws before sewing. Set the body upright on a flat surface and make sure no paw lifts the base or tips the body to one side.

Keep all four paws inside the flat-base footprint.
Pink pads face the floor / slightly outward.

9. Striped Tail

Work in a continuous spiral. Stuff lightly as you go so the tail can bend without becoming rigid.

Rnd/Row	Instruction	Count
1	With white yarn, MR 6 sc.	6
2	Inc in each st around.	12
3–6	White: sc in each st around.	12
7–8	Change to gray: sc in each st around.	12
9–10	Change to white: sc in each st around.	12
11–12	Gray: sc in each st around.	12
13–14	White: sc in each st around.	12
15–16	Gray: sc in each st around.	12
17–34	White: sc in each st around.	12

FO, leaving a long sewing tail. Leave the 12-st base open. The color-change jogs should face the body when the tail is attached.

Tail shaping and placement

- Pin the open tail base to the body's back-left quadrant across Body Rnds 10–14. From Boo's point of view, this is the left side; in a straight-on front view it appears on the viewer's right.
- Sew around the 12-st opening. Before closing the last small section, adjust the base stuffing so the tail rises instead of drooping.
- Curve the tail upward. Use one small hidden tack around the mid-tail to Body Rnds 18–20 on the same left side, then let the tip curl outward. Do not pull the tack tightly enough to flatten the tube.

COLOUR TIP To soften the visible step where spiral color changes occur, make the last white stitch before each gray band slightly snug and place all color joins toward the body-facing side of the tail.

10. Ghost Hood

The hood is worked flat in white yarn from the neck edge upward. Turn after every row. Ch 1 at the start of a row does not count as a stitch.

Rnd/Row	Instruction	Count
1	Ch 51. Sc in 2nd ch from hook and across.	50
2–12	Ch 1, turn. Sc across.	50
13	Ch 1, turn. Dec, sc 46, dec.	48
14	Ch 1, turn. Sc across.	48
15	Ch 1, turn. Dec, sc 44, dec.	46
16	Ch 1, turn. Sc across.	46
17	Ch 1, turn. Dec, sc 42, dec.	44
18	Ch 1, turn. Sc across.	44
19	Ch 1, turn. Dec, sc 40, dec.	42
20	Ch 1, turn. Sc across.	42
21	Ch 1, turn. Dec, sc 38, dec.	40
22	Ch 1, turn. Sc across.	40

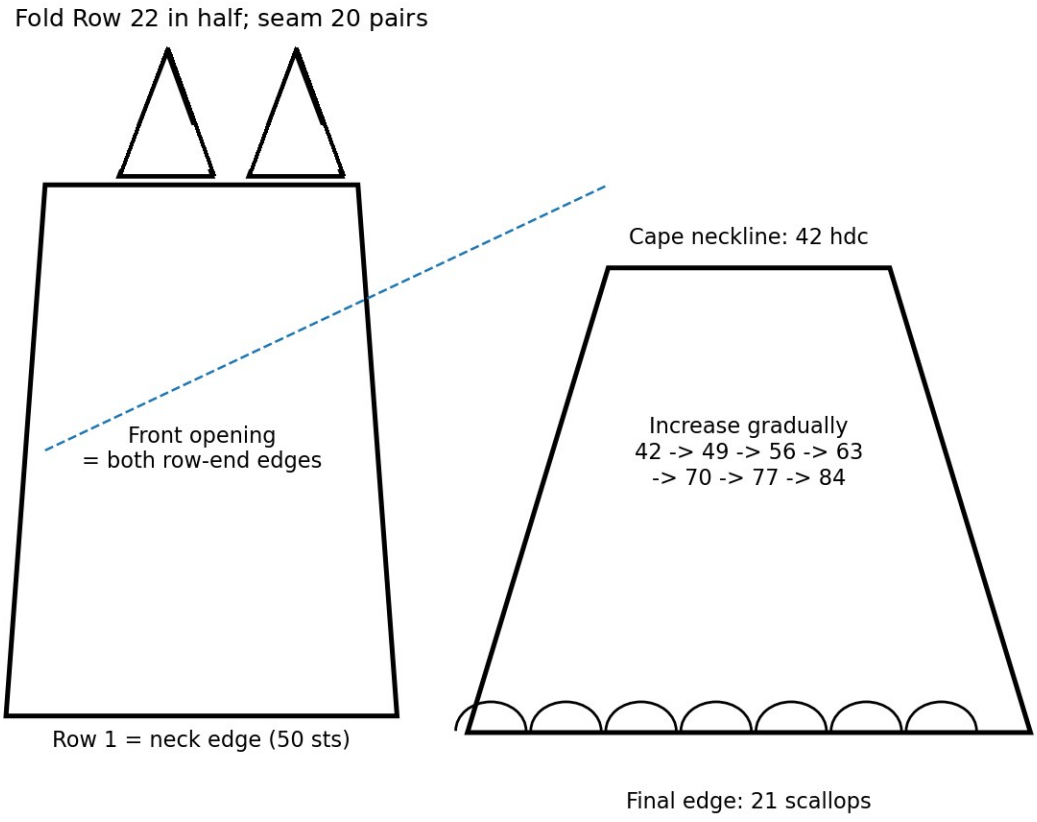

FO, leaving a long tail. Fold Row 22 in half with RS together so 20 stitches align with the opposite 20 stitches. Whip stitch through the 20 matched stitch pairs to form the crown seam. Turn RS out.

Front-edge finish

With RS facing, join white yarn at the lower right front corner. Work 1 sc in each row-end up the first front edge (22 sts), 1 sc into the top front join, then 1 sc in each row-end down the opposite front edge (22 sts). (45 sts) FO and weave in.

Fit check

Place the hood over the finished head. The crown seam should run from the top-front point toward the back of the head. The front edging should frame the face without covering the eyes or muzzle. If necessary, shift the hood slightly backward before pinning the costume ears.

Fold Row 22 in half; seam 20 pairs
Front opening
= both row-end edges
Row 1 = neck edge (50 sts)
Cape neckline: 42 hdc
Increase gradually
42 -> 49 -> 56 -> 63
-> 70 -> 77 -> 84
Final edge: 21 scallops

11. Hood Costume Ears

Outer ear — make 2 in white

Rnd/Row	Instruction	Count
1	Ch 2. Work 2 sc in 2nd ch from hook.	2
2	Ch 1, turn. Inc in each st.	4
3	Ch 1, turn. Sc across.	4
4	Ch 1, turn. Inc, sc 2, inc.	6
5	Ch 1, turn. Sc across.	6
6	Ch 1, turn. Inc, sc 4, inc.	8
7	Ch 1, turn. Sc across.	8
8	Ch 1, turn. Inc, sc 6, inc.	10
9	Ch 1, turn. Sc across.	10

FO, leaving a long sewing tail.

Inner ear — make 2 in pink

Rnd/Row	Instruction	Count
1	Ch 2. Work 2 sc in 2nd ch from hook.	2
2	Ch 1, turn. Inc in each st.	4
3	Ch 1, turn. Sc across.	4
4	Ch 1, turn. Inc, sc 2, inc.	6
5	Ch 1, turn. Sc across.	6

FO, leaving a sewing tail. Centre one pink piece on each white ear, keeping approximately one row of white visible around the sides and tip. Sew flat.

Attach ears to hood

- With the hood on the head, pin the ear bases on opposite sides of the crown seam. Keep approximately 5–6 cm / 2–2⅜ in between the ear centres.
- Angle each ear outward about 10–15°. Check from the front, side and back before sewing.
- Remove the hood from the head and sew the 10-st base of each ear securely to the hood. Refit and confirm that both ears remain level.

12. Ghost Cape

With white yarn. Work flat in hdc rows from the neckline downward. Ch 2 at the start of each row does not count as a stitch.

Rnd/Row	Instruction	Count
1	Ch 44. Hdc in 3rd ch from hook and across.	42
2	Ch 2, turn. (Hdc 5, work 2 hdc in next st) 7 times.	49
3	Ch 2, turn. Hdc across.	49
4	Ch 2, turn. (Hdc 6, work 2 hdc in next st) 7 times.	56
5	Ch 2, turn. Hdc across.	56
6	Ch 2, turn. (Hdc 7, work 2 hdc in next st) 7 times.	63
7	Ch 2, turn. Hdc across.	63
8	Ch 2, turn. (Hdc 8, work 2 hdc in next st) 7 times.	70
9	Ch 2, turn. Hdc across.	70
10	Ch 2, turn. (Hdc 9, work 2 hdc in next st) 7 times.	77
11	Ch 2, turn. Hdc across.	77
12	Ch 2, turn. (Hdc 10, work 2 hdc in next st) 7 times.	84
13–14	Ch 2, turn. Hdc across.	84
15	Ch 1, turn. (Sl st in next st, skip 1 st, 5 dc in next st, skip 1 st) 21 times.	126 worked sts / 21 scallops

FO and weave in. Lightly steam-block only if your yarn permits it; do not stretch the neckline. The cape should flare softly rather than lie flat like a circle.

Attach cape to hood/body

- Place the hood on the head and wrap the cape around the shoulders with Row 1 at the neck. Centre the cape's midpoint at the centre back.
- Leave the front edges open so the chest and pumpkin charm remain visible. The cape front edges should fall to either side of the centre-front line.
- Sew the middle 26–30 neckline stitches of the cape to the lower back edge of the hood. Then add 2–3 discreet anchoring stitches on each shoulder to keep the cape from rotating. Leave the lower cape free to drape.

13. Black Bow & Pumpkin Charm

Black crochet tie

With black yarn, ch 70. FO, leaving short tails. Wrap the chain around the neck over the cape neckline and tie a small bow at the centre front. Secure the bow knot to the cape with 2–3 hidden stitches so it cannot loosen.

Pumpkin charm

Rnd/Row	Instruction	Count
1	With orange yarn, MR 6 sc.	6
2	Inc in each st around.	12
3	(Sc 1, inc) 6 times.	18
4–5	Sc in each st around.	18
6	(Sc 1, dec) 6 times.	12
7	Lightly stuff. Dec 6 times.	6

FO and close. Thread a long orange tail from top to bottom and back to the top 4 times around the outside of the pumpkin, spacing the wraps evenly. Pull gently to create shallow pumpkin grooves; secure at the top.

Stem and face

Stem: with green yarn, ch 5, sl st in the next 4 chains. (4 sl sts) FO and sew to the pumpkin top.

- With black yarn or floss, embroider two small triangular eyes and a tiny jack-o'-lantern mouth on the front of the pumpkin.
- For the hanger, ch 10 in black yarn. FO and sew both ends to the pumpkin top to form a loop.
- Pass the loop behind the centre of the black bow and stitch it in place so the pumpkin hangs approximately 1.5–2 cm / ⅝–¾ in below the knot.

14. Placement Maps

Use these physical guides after stuffing. Do not calculate from the BOR as though it were a fixed centre line.

Feature	Vertical zone	Horizontal position	Direction/check
Eyes	Head between Rnds 15–16	Centres 8 sts apart; 4 sts each side of visual CF	Level; check from front/top before locking washers
Muzzle pads	Head Rnds 18–22	Two pads touching at CF	Softly rounded; no overlap onto eye posts
Nose	Across muzzle join, around Rnds 19–20	Centred on CF	Small inverted pink triangle
Front paws	Body Rnds 3–7	Centres ~5 sts left/right of CF	Toes slightly outward
Hind paws	Body Rnds 3–8	Lower side quadrants	Slightly behind/wider than front paws
Tail base	Body Rnds 10–14	Back-left quadrant	Color joins face body; tail rises upward
Tail tack	Body Rnds 18–20	Same left side	One discreet tack, not tight
Hood ears	Crown seam area	Centres 5–6 cm apart	Angle outward 10–15°
Cape	Shoulder/neckline	Midpoint aligned to CB	Front edges remain open
Pumpkin	Centre chest	1.5–2 cm below bow	Hangs straight over CF

ORIENTATION Right/left are from Boo's own point of view. Centre front and centre back are physical guide lines established after stuffing; the spiral BOR remains only a stitch-count marker.

15. Stuffing & Complete Assembly Sequence

Stuffing guide

- Head: firmly stuffed without stretching the stitches; keep the muzzle area slightly softer for natural cheek shaping.
- Body: firmly stuffed through the lower and middle body; keep the top 1 cm / ⅜ in slightly softer to ease the neck join.
- Paws: lightly stuffed so the soles remain flat enough to sit against the base.
- Tail: lightly to moderately stuffed; it must remain flexible enough to curve and tack.
- Hood and cape: unstuffed.
- Pumpkin: lightly stuffed so the shaping wraps can create visible grooves.

Assembly sequence

1. Complete the head through Rnd 26. Fit/secure the eyes, sew on both muzzle pads, embroider the nose, mouth and whiskers, and finish stuffing the head.

2. Complete and fully stuff the body through Rnd 27. Establish removable centre-front and centre-back guide threads.

3. Join head to body: align the 24-st head opening with the 24-st body opening, matching the visual CF and CB guides. Whip stitch one head stitch to one body stitch all the way around. Before the final 4–5 stitches, check the neck from every side and add a tiny pinch of stuffing if needed. Close, secure and bury the tail.

4. Pin all four paws. Sit Boo on a flat surface. Adjust until the body is stable and the paws look mirrored; then sew each 6-st seam edge firmly to the body.

5. Attach the tail at the back-left quadrant. Shape it upward and add the mid-tail tack only after the base seam is secure.

6. Fit the hood over the head. Position and sew the two costume ears. Refit the hood and confirm the front edge frames the face evenly.

7. Wrap and anchor the cape. Centre its neckline at CB and keep the front opening balanced.

8. Tie and secure the black bow at CF. Attach the pumpkin charm beneath the knot.

9. Remove temporary body guide threads. Make final symmetry, balance, and seam checks; bury all remaining yarn tails.

FINAL ACCESS CHECK No stuffing adjustment should be required after the head/body seam is fully closed. Make all head and upper-body stuffing corrections before the last 4–5 stitches of that seam are completed.

16. Sewing Methods & Final Visual Checklist

Recommended sewing methods

- Head/body join: whip stitch through one stitch of the head opening and the matching stitch of the body opening. Pull each stitch snug but not tight enough to pucker the neck.
- Muzzle pads and paw pads: small whip stitches through the outer loops of the appliqué and the surface bars of the base fabric.
- Paws, tail, ears and cape anchors: mattress-style or whip stitches that pass through the attachment edge and a small amount of the receiving fabric. Keep seam tension even.
- Hidden tacks: take two or three passes through internal-facing stitches only, then secure and bury the tail inside the body or costume.

Final visual checklist

- Face centred and balanced; eyes level and equally spaced.
- Nose and mouth centred; muzzle pads mirrored and softly rounded.
- Whiskers matched in length and angle.
- Head sits upright with no visible neck gap or stuffing.
- Four paws are aligned and the pink pads face down / slightly outward.
- Boo sits stably without rocking; the flat base remains flat.
- Tail is on the correct back-left side, with gray bands aligned and the tip curved outward.
- Hood frames the face symmetrically; costume ears are level and angled evenly.
- Cape front opening is centred; scallops hang freely and are not twisted.
- Bow is secure; pumpkin charm hangs straight at centre chest.
- No visible stuffing, large crochet holes, loose seams, unsecured yarn tails, or temporary markers remain.

17. Troubleshooting

Problem	Practical fix
Stuffing shows through	Use a smaller hook or firmer tension. Remove a little stuffing instead of stretching the fabric.
Finished Boo is larger/smaller than target	Keep the same stitch counts and change hook/yarn choice on a future version. Do not add or remove shaping rounds randomly.
Spiral rounds twist	Keep the BOR marker in the first stitch and count every round. The BOR drifting around the piece is normal.
Visible color-change steps on tail	Place the jog toward the body-facing side and snug the final stitch before the new color.
Eyes look uneven	Before securing washers, stuff lightly and check from front/top. For embroidered eyes, remove and restitch before the face is finished.
Muzzle is off-centre	Re-pin both pads together rather than adjusting only one pad. Align their shared centre with the CF guide.
Head leans	Before closing the last neck stitches, redistribute stuffing at the neck and confirm the 24-to-24 join is evenly tensioned.
One paw lifts the body	Remove/re-pin that paw so its seam edge sits higher on the body while the pad remains flat against the surface.
Tail droops	Add a small amount of stuffing at the base or move the hidden mid-tail tack upward by 1–2 rounds.
Hood covers the eyes	Shift the hood backward and re-anchor the cape/hood at the shoulders. Do not stretch the face opening wider.
Cape twists	Confirm the cape midpoint is at CB and the neckline anchors are mirrored. Let the scalloped edge hang free.
Gaps around sewn pieces	Use smaller, closer whip stitches and catch sturdy surface bars without pulling so hard that the base fabric dimples.

18. Printing & Customer Notes

- This file is a digital crochet pattern only. No physical item will be shipped.
- Pattern terminology: US crochet terms.
- For best results, view the PDF digitally or print at 100% / Actual Size. No template pages require scaling.
- Finished measurements are calculated design targets and may vary with yarn, hook size, tension, stuffing and technique.
- You may sell finished handmade Boo the Ghost Cat items in small quantities. The pattern itself may not be copied, redistributed, resold, translated, uploaded, or shared in whole or in part without permission.
- Photographs of finished handmade items may be used in your own product listings. Do not represent the pattern text or diagrams as your own pattern design.
- No physical prototype or test crochet was used. This document was digitally checked for stitch counts, shaping sequences, piece quantities, placement logic, and assembly access.

Quick piece count

Piece	Quantity
Head	1
Muzzle pads	2
Body	1
White paws	4
Pink sole pads	4
Tail	1
Hood panel	1
Outer hood ears	2
Pink inner ears	2
Cape	1
Black tie	1
Pumpkin	1
Pumpkin stem	1
Pumpkin hanging loop	1

READY TO CROCHET Before starting, read the full pattern once, verify that your yarn and hook create a dense fabric, and keep removable centre-front / centre-back guide threads available for assembly.
