MOCHA THE FLOPPY-EAR BUNNY

Complete Digital Knitting Pattern

DIGITAL DOWNLOAD ONLY - NO PHYSICAL ITEM WILL BE SHIPPED

Bulky-weight knitted plushie with floppy pink-lined ears, cream muzzle and belly, seated feet, bow tie, and pom tail.

1. Digital Download Notice

This file contains a digital knitting pattern for making the plushie shown by the design. It is not a finished plushie, and no physical item will be shipped.

Finished measurements below are design targets. Your result may vary with yarn choice, tension, needle size, stuffing density, and blocking.

Skill level: Confident beginner to intermediate. The pattern uses knitting in the round, simple increases/decreases, basic flat stockinette, sewing, and embroidery.

2. Finished Measurements

Feature	Target finished size
Seated height	28-30 cm / 11-12 in
Overall width across feet	22-24 cm / 8.5-9.5 in
Front-to-back depth	15-17 cm / 6-6.75 in
Head width	10.5-11.5 cm / 4.25-4.5 in
Body width	10-11 cm / 4-4.25 in
Ear length	15-16 cm / 6-6.25 in each
Arm length	10-11 cm / 4-4.25 in each
Foot length	9-10 cm / 3.5-4 in each
Tail diameter	4-4.5 cm / 1.5-1.75 in
Bow width	7-8 cm / 2.75-3.25 in

The ears are intentionally unstuffed so they hang softly beside the head. The feet are more firmly stuffed to support the seated pose.

3. Materials and Tools

Item	Recommendation / approximate amount
Yarn A - warm medium brown	Bulky #5 yarn, 220-250 g / 320-360 m
Yarn B - cream	Bulky #5 yarn, 60-80 g / 90-120 m
Yarn C - dusty rose pink	Bulky #5 yarn, 30-40 g / 45-60 m
Yarn D - dark brown	Small scrap for nose and mouth embroidery
Needles	4.5 mm circular needle for magic loop or DPNs; 4.5 mm straight/circular needle for flat pieces
Eyes	2 x 14 mm black safety eyes with washers, or black embroidery yarn/floss for embroidered eyes.
Stuffing	Polyester fiberfill, approx. 180-230 g
Notions	Tapestry needle, stitch markers, removable guide yarn, pins, scissors, measuring tape

Safety eye note: For an item intended for a child under 3 years, use an alternative without detachable safety-eye components and follow local safety requirements.

4. Gauge

16 sts x 22 rows/rounds = 10 cm / 4 in in stockinette stitch using 4.5 mm needles, measured before stuffing after light blocking.

- Work at a firm plushie gauge so stuffing does not show through the fabric.
- If your fabric is loose, move down a needle size. If it is very stiff and difficult to work, move up slightly.
- Gauge changes the finished size, so make a small stockinette swatch if size matters.

5. Abbreviations

Abbreviation	Meaning
BO	bind off
BOR	beginning of round
CB	centre back
CF	centre front
CO	cast on
DPN	double-pointed needle
k	knit
k2tog	knit 2 stitches together - 1 stitch decreased
kfb	knit into front and back of same stitch - 1 stitch increased
M1L	make 1 left
M1R	make 1 right
p	purl
rem	remaining
rep	repeat
rnd(s)	round(s)
RS	right side
ssk	slip, slip, knit slipped stitches together - 1 stitch decreased
st(s)	stitch(es)
St st	stockinette stitch
WS	wrong side

6. Construction Overview

The head, body, arms, feet, muzzle, and tail are worked in the round. The ears, pink ear panels, belly patch, and bow are worked flat. All pieces are made separately and sewn together.

Right and left always mean the plushie's own right and left.

Orientation system: For the head and body, BOR is deliberately established at CB and remains there because all shaping is evenly distributed and no BOR shifts are used. The first half of each round travels from CB over the plushie's right side to CF; the second half travels from CF over the plushie's left side back to CB.

Recommended assembly order

1. Knit the head. Install safety eyes while the head is still open, then stuff and close it.
2. Knit the muzzle. Close the front-centre cast-on opening with the cast-on tail before embroidery. Embroider the nose and mouth while the muzzle back is open, then lightly stuff and sew it to the head.
3. Knit and finish both ears, then sew the pink panels to the brown outer ears.
4. Knit the body. Close the lower-base cast-on opening with the cast-on tail before stuffing through the neck opening, then bind off the neck edge.
5. Sew the belly patch to the body.
6. Knit the arms, feet, and tail. Close each starting cast-on opening with its cast-on tail before stuffing and finishing the attachment end.
7. Join head to body, then attach ears, arms, feet, and tail using the placement guide.
8. Knit and attach the bow tie, then complete final symmetry checks and bury all yarn tails.

Stockinette reminders

- In the round: knit every round.
- Worked flat: knit RS rows and purl WS rows unless a row says otherwise.
- For flat stockinette pieces, light blocking before assembly helps control curling.

7. Complete Written Pattern

A. Head - make 1 in Yarn A

Worked from crown to chin in the round. CO 8 sts. Distribute evenly and join without twisting. Place BOR marker at CB. The cast-on tail will be used to close the tiny crown opening.

Round	Instruction	Count
Rnd 1	kfb in every st around.	16 sts
Rnd 2	k around.	16 sts
Rnd 3	(k1, kfb) 8 times.	24 sts
Rnd 4	k around.	24 sts
Rnd 5	(k2, kfb) 8 times.	32 sts
Rnd 6	k around.	32 sts
Rnd 7	(k3, kfb) 8 times.	40 sts
Rnd 8	k around.	40 sts
Rnd 9	(k4, kfb) 8 times.	48 sts
Rnds 10-22	k around each rnd. Place a removable CF marker at the gap between sts 24 and 25 after Rnd 10.	48 sts each rnd
Rnd 23	(k4, k2tog) 8 times.	40 sts
Rnd 24	k around.	40 sts
Rnd 25	(k3, k2tog) 8 times.	32 sts
Rnd 26	k around.	32 sts
Rnd 27	(k2, k2tog) 8 times.	24 sts
Rnd 28	k around.	24 sts
Rnd 29	(k1, k2tog) 8 times.	16 sts
Rnd 30	k2tog 8 times.	8 sts

Eye access - do this before closing: After Rnd 26 and before continuing to the final decreases, install the safety eyes between Head Rnds 15 and 16. On those 48-st rounds, BOR is at CB and CF is the gap between stitch columns 24 and 25; place eye centres at stitch columns 20 and 29. Check from the front that the eyes are level before pressing on the washers. If using embroidered eyes instead, embroider them at the same positions before stuffing and secure all embroidery tails inside the head.

After Rnd 28, stuff the head firmly and evenly, keeping the front rounded rather than flat. Add small amounts through the remaining opening as needed. After Rnd 30, cut yarn leaving a 25 cm tail, thread through the 8 rem sts, pull closed, secure, and bury the tail. Use the cast-on tail to close any tiny crown gap.

B. Muzzle - make 1 in Yarn B

Worked in the round from the front centre toward the open back edge. CO 8 sts, leaving the cast-on tail long enough to close the starting opening. Distribute evenly, join without twisting, and place a BOR marker.

Round	Instruction	Count
Rnd 1	kfb in every st around.	16 sts
Rnd 2	k around.	16 sts
Rnd 3	(k1, kfb) 8 times.	24 sts
Rnds 4-6	k around each rnd.	24 sts each rnd
Rnd 7	(k1, k2tog) 8 times.	16 sts

BO all 16 sts loosely, leaving a 45 cm sewing tail. The BO edge is the muzzle attachment edge.

Use the cast-on tail to close the small front-centre opening securely before embroidering the nose and mouth.

Before sewing the muzzle to the head, use Yarn D to embroider a small rounded triangle nose at the muzzle front centre, about 1.5 cm wide. Work a short vertical line down from the nose and split it into two gentle mouth curves. Bury embroidery tails inside the open muzzle back. Lightly stuff the muzzle only after embroidery is complete.

C. Outer Ears - make 2 in Yarn A

Worked flat from the narrow head-attachment base toward the rounded tip. CO 6 sts, leaving a long cast-on tail for head attachment. Keep both pieces identical; the left/right mirror is created during placement.

Row 25	k1, ssk, k2tog, k1	4 sts
Row 26	p4	4 sts
Row 27	k2tog twice	2 sts
Row 28	p2	2 sts

BO the final 2 sts. Lightly block flat. Centre one pink panel on the RS of each brown ear, placing the pink CO edge about 3 rows above the brown CO edge. Leave an even brown border visible around both sides and tip. Sew the pink panel down with small matching stitches, keeping the ear flat and flexible.

E. Body - make 1 in Yarn A

Worked from the lower base upward to the neck. CO 8 sts, leaving the cast-on tail long enough to close the lower-base opening. Distribute evenly and join. Place BOR at CB.

Round	Instruction	Count
Rnd 1	kfb in every st.	16 sts

Rnd 29	(k2, k2tog) 8 times.	24 sts
Rnds 30-31	k around each rnd.	24 sts each rnd

Body side guides: With BOR at CB, the plushie's right and left side lines are the quarter-round positions halfway between CB and CF. Mark these lines with removable guide yarn for assembly. At 48 sts use the gaps between sts 12/13 and 36/37; at 40 sts use 10/11 and 30/31; at 32 sts use 8/9 and 24/25; at 24 sts use 6/7 and 18/19. Keep the guides on the same physical side lines as the shaping changes.

Use the cast-on tail to close the lower-base opening securely before stuffing.

Stuff the body moderately firmly through the neck opening, keeping the base rounded and the upper chest slightly narrower. BO all 24 sts loosely, leaving a 70 cm tail for attaching the body to the head. Do not draw the neck opening closed.

F. Belly Patch - make 1 in Yarn B

Worked flat in stockinette. CO 6 sts.

Row	Instruction	Count
Row 1	k6	6 sts
Row 2	p6	6 sts
Row 3	k1, M1L, k4, M1R, k1	8 sts
Row 4	p8	8 sts

Row 18	p10	10 sts
Row 19	k1, ssk, k4, k2tog, k1	8 sts
Row 20	p8	8 sts
Row 21	k1, ssk, k2, k2tog, k1	6 sts

Row 22	p6	6 sts

BO 6 sts. Lightly block. Pin to the body with the patch centred on CF, lower edge near Body Rnd 7 and upper edge near Body Rnd 28. Sew around the edge with small cream stitches, keeping the patch flat without pulling the body fabric inward.

G. Arms - make 2 in Yarn A

Worked in the round from rounded paw end to narrow shoulder end. The pieces are identical; mirror only the attachment angle.
CO 8 sts, leaving the cast-on tail long enough to close the paw-end opening. Distribute evenly, join without twisting, and place a BOR marker.

Round	Instruction	Count
Rnd 1	kfb in every st.	16 sts
Rnd 2	k around.	16 sts
Rnd 3	(k3, kfb) 4 times.	20 sts
Rnds 4-8	k around each rnd.	20 sts each rnd
Rnd 9	(k3, k2tog) 4 times.	16 sts
Rnds 10-19	k around each rnd.	16 sts each rnd
Rnd 20	(k2, k2tog) 4 times.	12 sts
Rnds 21-23	k around each rnd.	12 sts each rnd

BO 12 sts, leaving a 45 cm sewing tail. Close the paw-end opening securely with the cast-on tail. Stuff the lower half moderately and the upper half lightly so the arm can hang naturally. Flatten the BO edge gently; do not overfill the shoulder.

H. Feet / Legs - make 2 in Yarn A

Worked in the round from toe toward ankle. The large end forms the rounded foot. The narrow closed end attaches to the body.
CO 8 sts, leaving the cast-on tail long enough to close the toe-end opening. Distribute evenly, join without twisting, and place a BOR marker.

Round	Instruction	Count
Rnd 1	kfb in every st.	16 sts
Rnd 2	k around.	16 sts
Rnd 3	(k1, kfb) 8 times.	24 sts
Rnd 4	k around.	24 sts
Rnd 5	(k2, kfb) 8 times.	32 sts
Rnds 6-12	k around each rnd.	32 sts each rnd
Rnd 13	(k6, k2tog) 4 times.	28 sts
Rnds 14-16	k around each rnd.	28 sts each rnd
Rnd 17	(k5, k2tog) 4 times.	24 sts
Rnd 18	k around.	24 sts
Rnd 19	(k4, k2tog) 4 times.	20 sts
Rnd 20	(k3, k2tog) 4 times.	16 sts
Rnd 21	k2tog 8 times.	8 sts

Close the toe-end opening securely with the cast-on tail. Stuff each foot firmly, especially the toe and lower half. Keep the ankle area slightly softer. Cut yarn leaving a 45 cm tail, draw through the 8 rem sts, close securely, and keep the tail for attachment.

I. Tail - make 1 in Yarn B

Worked in the round. CO 6 sts, leaving the cast-on tail long enough to close the starting opening. Distribute evenly, join without twisting, and place a BOR marker.

Round	Instruction	Count
Rnd 1	kfb in every st.	12 sts
Rnd 2	(k1, kfb) 6 times.	18 sts
Rnds 3-5	k around each rnd.	18 sts each rnd
Rnd 6	(k1, k2tog) 6 times.	12 sts
Rnd 7	k2tog 6 times.	6 sts

Close the starting opening securely with the cast-on tail. Stuff firmly. Cut yarn leaving a 35 cm tail, draw through 6 rem sts, close, and keep the tail for attachment.

J. Bow Tie - Yarn A

Bow lobe strip - make 1

CO 22 sts.

Row	Instruction	Count
Row 1	k across.	22 sts
Row 2	k across.	22 sts
Row 3	k across.	22 sts
Row 4	k across.	22 sts
Row 5	k across.	22 sts
Row 6	k across.	22 sts
Row 7	k across.	22 sts
Row 8	k across.	22 sts

BO all 22 sts, leaving a 30 cm tail. Bring the two short ends toward the centre back so they meet. Tack them together. Pinch the centre firmly and wrap the yarn tail several times around the pinch to create two equal bow lobes. Secure on the back.

Centre band - make 1

CO 4 sts.

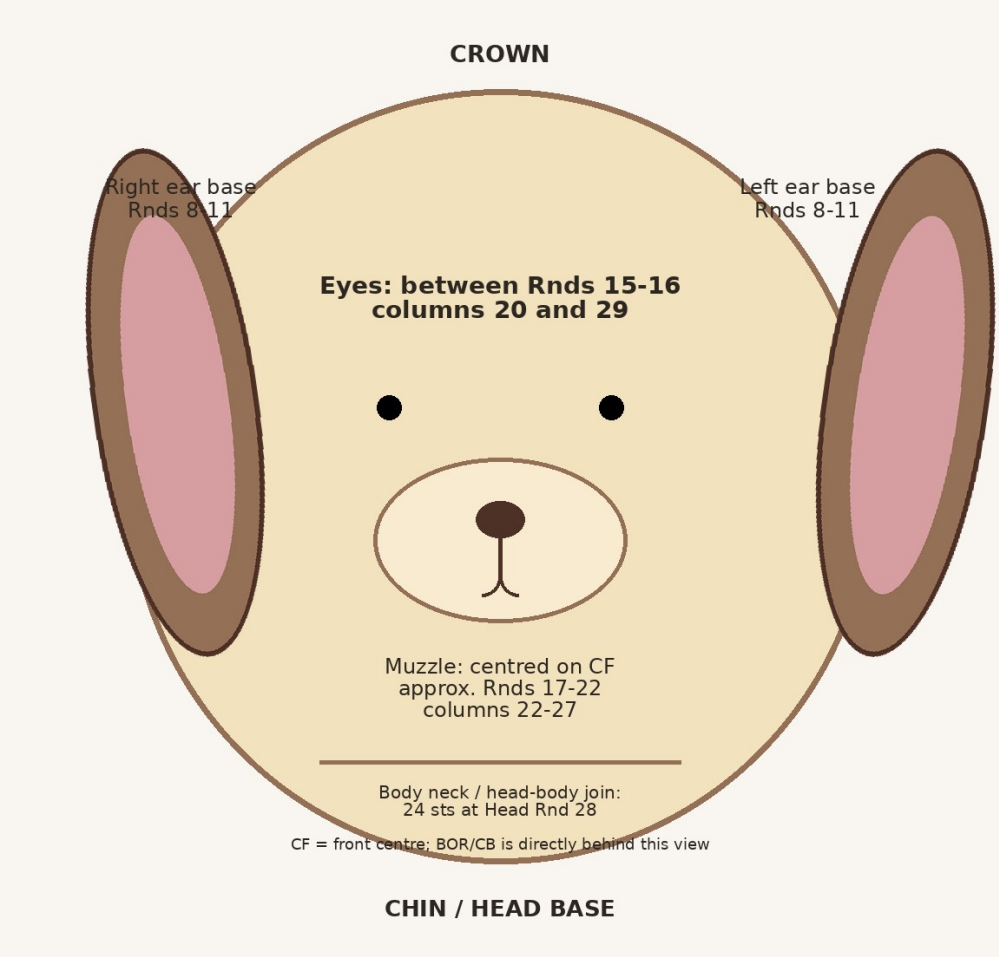

Row	Instruction	Count
Row 1	k across.	4 sts
Row 2	p across.	4 sts
Row 3	k across.	4 sts
Row 4	p across.	4 sts

Row 6	p across.	4 sts
Row 7	k across.	4 sts
Row 8	p across.	4 sts
Row 9	k across.	4 sts
Row 10	p across.	4 sts

BO 4 sts. Wrap the band around the pinched bow centre with the RS facing outward, join the ends on the back, and stitch securely. Leave a 35 cm tail to attach the bow beneath the chin.

8. Placement Maps

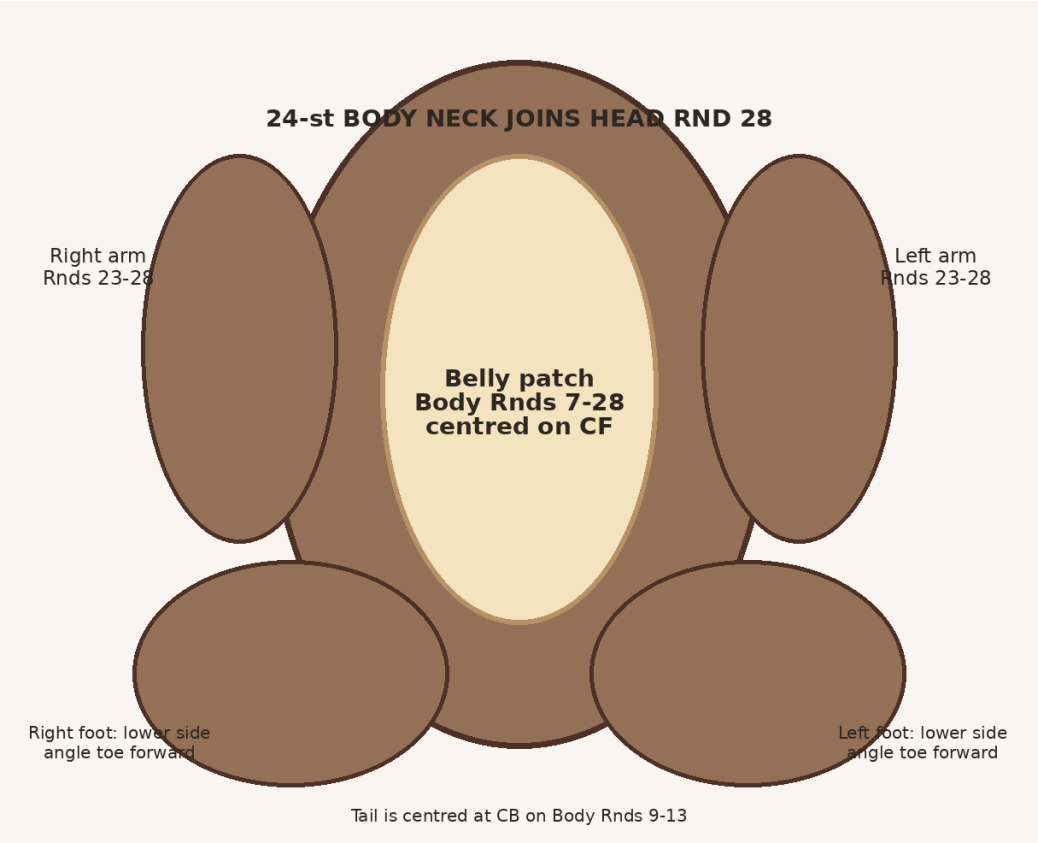

Before sewing any major piece permanently, pin everything in place and view the plushie from front, back, and both sides. Adjust until the face and seated pose are balanced.

Head placement map

Feature	Placement
CF landmark	With 48 sts, CF is the gap between stitch columns 24 and 25. BOR is CB.
Eyes	Between Head Rnds 15-16, centred at stitch columns 20 and 29.
Muzzle	Centre on CF; pin the 16-st BO edge in a shallow oval spanning approximately Head Rnds 17-22 and stitch columns 22-27. The six columns place three columns on each side of CF. The top of the muzzle sits just below the eye line.
Right ear	Centre the 6-st CO base on the right-side head line, spanning approx. columns 10-15 and Head Rnds 8-11. Free ear points down and slightly forward.
Left ear	Mirror the right ear, spanning approx. columns 34-39 and Head Rnds 8-11. Free ear points down and slightly forward.
Body neck / head-body join	Attach the 24-st body neck around Head Rnd 28; align CF to CF and CB to BOR/CB.

Body placement map

Keep the CF and side guide positions visible with removable contrast yarn while pinning. Remove all guide yarn after assembly is complete.

Feature	Placement
Belly patch	Centered on CF, lower edge near Body Rnd 7 and upper edge near Body Rnd 28.
Right arm	Centre shoulder on the plushie's right side, spanning Body Rnds 23-28. Angle the lower arm slightly forward.
Left arm	Mirror the right arm on the plushie's left side, spanning Body Rnds 23-28.
Right foot	Attach low on the right side over approx. Body Rnds 6-14. Toe points forward and slightly outward.
Left foot	Mirror the right foot over approx. Body Rnds 6-14. Toe points forward and slightly outward.
Tail	Centre at CB/BOR over Body Rnds 9-13.
Bow tie	Centre directly under the muzzle at CF, sitting over the head/body join.

9. Stuffing and Shaping

Piece	Stuffing level	Shaping note
Head	Firm	Add small amounts evenly. Keep cheeks rounded and eye spacing unchanged.
Body	Moderate-firm	Keep base rounded; do not overpack neck.
Muzzle	Light	Enough to dome gently, not become a ball.
Arms	Moderate at paw, light at shoulder	Allows natural hanging position.
Feet	Firm	Supports stable seated position.
Tail	Firm	Keep compact and round.
Ears / belly / bow	None	These pieces stay flat and flexible.

10. Assembly Instructions

1. Close the tiny head crown opening with the cast-on tail if needed. Check that the eyes are level and secure.
2. Finish the muzzle embroidery while its back is open. Lightly stuff the muzzle, centre it on CF, pin, then sew the BO edge to the head. Add or remove a little stuffing before the last few stitches if needed.
3. Sew each pink inner panel to its matching brown ear. Pin both finished ears to the head using the placement map. Check the droop and symmetry from front and back, then sew the ear bases securely.
4. Sew the cream belly patch to the stuffed body, centred on CF. Keep the edge flat and do not pull the body inward.
5. Join the head to the body. Centre the body neck under the head so CF aligns with the muzzle and CB aligns with the head BOR. Pin the 24-st body neck edge evenly around the Head Rnd 28 line, where the head also has 24 sts. Match the two circumferences evenly, then sew around twice with the long body tail for a secure join.
6. Pin both arms at the upper sides. Mirror their forward angle. Sew the BO shoulder edges firmly to the body.
7. Pin both feet low on the body so the plushie sits without tipping. Mirror toe direction and height. Sew the upper ankle/side area to the body with several secure passes, not only at one point.
8. Sew the tail to CB at Body Rnds 9-13. Keep it centred when viewed from the back.
9. Attach the bow tie at CF directly under the muzzle and over the head/body join. Stitch through the bow centre band only so the lobes remain dimensional.
10. Using Yarn C and a tapestry needle, embroider evenly spaced decorative running stitches to match the reference. Work a line along the head CF from the crown to the top of the muzzle, continue the same treatment along the head CB from crown toward the neck, and work a vertical line along the body CB/BOR from the neck toward the tail. Add a matching running-stitch line along the top-centre of each foot from toe toward ankle. On each finished ear, work a matching decorative running stitch near the outer perimeter of the brown ear, following the curved edge from the attachment area around the tip and back toward the opposite side. Keep stitch length and spacing even and mirror the paired pieces. Secure all embroidery tails inside or on the concealed back of the nearest piece.
11. Remove all temporary CF/side guide yarn. Bury every remaining tail inside the nearest stuffed piece. Make a final symmetry and stability check.

11. Final Visual Checklist

- Face is balanced and the muzzle is centred under the eye line.
- Eyes are level and evenly spaced from CF.
- Ears begin at matching heights and droop at mirrored angles.
- Arms are attached at matching heights and angle slightly forward.
- Feet are even, point forward symmetrically, and support a stable seated pose.
- Cream belly patch is centred and lies flat without puckering.
- Tail is centred at CB and visible from the rear without pulling the body fabric.
- Bow tie is centred beneath the muzzle and the two lobes are equal.
- Dusty-rose decorative running-stitch lines are even and correctly positioned on the head CF/CB, body CB, both feet, and both outer ears.
- No stuffing shows through the knitted fabric.
- No loose yarn tails, open holes, trapped guide yarn, or unsecured seams remain.

12. Troubleshooting

Issue	Practical fix
Stuffing looks lumpy	Remove a small amount, tease fiberfill into smaller pieces, and reinsert gradually. Massage the surface after each addition.
Eyes look uneven	Before permanent washers are installed, recheck against CF and the same round. If washers are already fixed, adjust muzzle placement slightly rather than forcing the knitted fabric.
Muzzle is off-centre	Unpin and realign its top centre to CF first, then pin the lower centre, then the sides. Sew only after all four anchors are balanced.
Ears twist or do not match	Block both ears flat, align the pink panels the same distance from the brown edges, and mirror the head attachment angle.
Arms or feet sit unevenly	Pin both pieces at once and compare from the front before sewing. Count body rounds from the base to match height.
Plushie tips backward	Shift foot attachment slightly forward or add a small amount of stuffing to the front lower body.
Visible gaps show stuffing	Use a smaller needle on future pieces or add less stuffing at that spot. For a finished piece, redistribute stuffing away from the gap.
Join looks twisted	Check that CF and CB markers are aligned before sewing the head/body join; remove stitches and repin if the bow or belly does not face straight forward.

13. Printing and Customer Notes

- This pattern is a DIGITAL DOWNLOAD. No physical item is shipped.
- Print at 100% / actual size for easy reading. The pattern does not rely on a scale-dependent chart.
- Keep the placement pages beside you during assembly so left/right pieces remain mirrored.
- This pattern is intended for personal handmade creation. Any permission to sell finished items is subject to the seller's listing terms.
- For items intended for young children, choose an eye option without detachable components and follow local product-safety requirements.

Thank you for choosing this pattern. Take time during pinning and final assembly - the even ear placement, eye line, and seated foot angle are the details that give Mocha the intended expression and silhouette.
